**Re: TerreStar Networks, Inc.  
IB Docket Nos. 05-220 and 05-221  
Notification of Ex Parte Presentation**

Dear Ms. Dortch:

On February 21, 2006, the undersigned, attorney for TerreStar Networks, Inc. ("TerreStar"), Robert Brumley, CEO of TerreStar, and Amy Mehlman, a consultant to TerreStar, met with Andrew Long, on detail from the Media Bureau to the Office of Commissioner Tate, to update him on the progress that TerreStar has made in constructing its MSS system.

During the course of that discussion, the undersigned stated that the Petitions for Reconsideration ("Petitions") filed in the above-referenced proceedings, as well as the wireless carriers' comments supporting the Petitions, did not raise any new issues. The Commission already has resolved the arguments raised in these filings and should promptly dismiss the Petitions so that MSS operators may proceed to provide much needed services to the public.
